

# Credit Services is Cooking for Cambodia

We are selling Cookbooks to raise funds for a Children's Surgical Center in Cambodia. There are a great many children that go through life severely scarred and deformed; sometimes due to fathers throwing acid at mothers as "punishment" and hitting the children as well.

"At Children's Surgical Centre we give free surgeries to Cambodia's poorest people without which they would otherwise be condemned to destitution. For breadwinners of families, not being able to work means that the family won't be fed, children won't go to school and all the long-term problems of intractable poverty will be compounded for several more generations."

We mean to change that.

**Credit Services has compiled the best cookbook the CRC has ever seen!**

It has 100 pages, 164 tried and true favorite recipes, and only costs \$10.00!! What a sweet deal!

You can preorder your cookbook(s) by emailing Rosanne Bertsch or Iris Greene.

Cookbooks will be here and ready for sale by:  
September 10<sup>th</sup>.

These cookbooks would be excellent gifts **threefold!!** Not only could you treat yourself when you **buy** it, and friends and family when you **give** it, but you would be helping an untold amount of children live a better, healthier, stabilized life when our own **Gary Harding** goes to Cambodia with the much needed supplies. (He uses his personal Vacation time to volunteer here ... what a **sweetheart!!**)

## What things cost

**Fix a cleft lip: \$100.00**

**Burn Contracture Release: \$150.00**

**Meningoencephalocele Repair: \$250.00**

**Cataract Removal: \$35.00**

**Doctor's Wage for one month: \$300.00**

Just stop and think about that. That means that if we sell all of the cookbooks, we could provide a doctor to the facility for 2.7 years. Or we could fix 100 cleft lips. Or we could help 66 burn victims. Or we could help 40 MEC victims. Wow - so ask yourself: How can I help? - By Purchasing a Cookbook!!

Special thanks to  
the SaskTel

Pioneers for helping  
us fund this project.
