*Dear Darrell Liebrecht, Director*

*I am the facility manager for the Maidstone Health Complex. We just received a box of Lap-Robes for our residents to use. I just wanted to personally thank you and this wonderful volunteer group for this kind donation. Our agency has a very large common area and will use the robes there for residents while they watch television, have reading activities or simply want a little extra while out of their rooms. It is nice to know Saskatchewan is still home to caring, dedicated individuals who spend some of their time thinking of others.*

*Sincerely*

*Sharon Jackson
