Hello Bev & Sheri;

It was a great thing you did for Teddy Bears Anonymous. Please forward this letter to all the people that were involved in building a Zoo at SaskTel.

Sometimes thanks is such a small word and hardly covers the time and effort that goes into starting something like you accomplished; Your both a special kind of person and your kindness and generosity to TBA is over whelming!

The teddy bears we receive will be processed immediately and sent to the Regina General Hospital.

Again I can't express it enough;

Thankyou

God Bless
Luke Lawrence
