

Hi all! Just wanted to let you know that I just received a call from the school & heard story after story about the kids who were running up & down the halls showing off their “new” clothes. One boy received the Nike jacket & his face lit up & the teacher had tears in her eyes to see him so excited – she said she was even more emotional than she was with the Christmas hampers! One little girl who typically comes in dirty ratty clothes that never fit, received a full two piece snow suit. Those are just a couple of the touching stories just from today. I am supposed to say thank you again to everyone for everything you do for this school – they know that it’s DirectWest Pioneers whenever these loads show up & they are so grateful!

Thanks Pioneers – You Rock!!!!
